- **Winter Blackboard maintenance:** 20-21 December 2017
- **'At Risk Periods'** are listed on the page below

<http://jump.aber.ac.uk/?qcxpt>

AberLearn Blackboard Refresh and Upgrade

The interface of Blackboard will have a new look for 2017-18, based on feedback from staff and students gathered in focus groups and surveys.

The upgrade introduces drag and drop file upload, receipts for Blackboard Assignments. You can email non-submitters from the Grade Centre.

✓ Total	⊖ ELECTRONIC E
70	70.00
60	60.00
--	--
61	61.00

Transferring Component Marks

From September, staff will be able to transfer marks directly from Blackboard's Grade Centre into AStRA, making marks processing easier. You can return marks and feedback for non e-submission assignments via the Grade Centre.

Turnitin Feedback Studio

For AY2017-18, we are switching to the Turnitin Feedback Studio, with a more user-friendly interface. Have a go on Turnitin's [demo site](#).

<http://jump.aber.ac.uk/?qcxpt>

AirServer

AirServer allows you to connect your Android or iOS phone or tablet to the teaching computer wirelessly so you can project from your device.

<http://jump.aber.ac.uk/?fdxpt>

Box of Broadcasts

Box of Broadcasts is an off-air recording service by the British Universities Film and Video Council. It allows staff to select and record programmes.
